Measuring Presence
How responsive was the environment to actions that you initiated (or performed)?
30 responses

How natural did your interactions with the environment seem?
30 responses

How involved were you in the virtual environment experience?

30 responses

At the end of the experience, how proficient are you in moving and interacting with the virtual environment?

30 responses

How much delay did you encounter between your actions and expected outcomes?

30 responses
Measuring Flow

I knew what I wanted to achieve.

30 responses
The task given was challenging, but I believe my current skill allows me to complete it.

30 responses
I had a strong sense of what I wanted to do.

30 responses
Things seems to be happening automatically.

30 responses
I felt like time flies really fast.
